

Friedrich-Schiller-Gymnasium Marbach a. Neckar

Indian Tour

Educational partnership of Friedrich-Schiller Gymnasium with the Renewable Energy Centre

Objectives of the Educational Partnership are:

- Sustainable development especially in Climate Protection and technology transfer by setting up renewable energy technologies.
- Interaction with other people for a peaceful future.

These objectives are realised in the demonstration and education centre, Mithradham.

A part of the educational partnership is the **school partnership** of Friedrich-Schiller-Gymnasium with the Viswajyothi Public School.

Objectives of the School Partnership are:

- Training of the teachers in environment and climate matters
- Imparting of technical skill for realisation of projects
- Education and interaction with the youth.
